

VOID SURFACE

Inspired by vacuum flasks, Void is made from pure metal which is formed into a complex double-walled shade. A small but powerful halogen bulb deep inside the lamp creates a soft but directional light beam, while the exterior is polished to a highly reflective finish. Available in Pendant and Surface light versions.

Year of Design	2016
Material	Brass; Copper; Stainless Steel
Bulb Spec	G9 33W (max). Bulb not included.
Cable Spec	N/A
Dimmability	Mains dimmable (depending on lamp application).

Process

Metal spinning and hand forming. Made from pure metal with a 5 part tool, the parts are pressed, spun and braised to form a complex double wall shade.

Cleaning Instructions

Clean with a soft dry cloth only. Do not use polishing agents, water or abrasive materials when cleaning. Always switch off the electricity supply before cleaning
